

Monthly Newsletter Diverso Europa Regional

Investment policy

Is to create a structure of investments of 50% in shares from the EEC markets (Romania, Poland, Czech Republic, Hungary) and in financial instruments with a high degree of liquidity.

Fund objective

The Fund objective is searching an active valorisation of the collected resources, for a period of management greater than the minimum recommended investment period.

Advantages for investors

Diversifying the investments:

The Fund assets are invested on the monetary (bonds and shares) markets, both the Romanian and those from EEC, by delegating the investment management activity to IKS-KB. Permits access to government or corporate bonds.

Yields:

Mainly owed to the investments in shares traded on the local and European markets, but linked to a medium risk. The balance is maintained through the investments in monetary instruments and bonds.

Investment policy

Is to create a structure of investments of 50% in shares from the EEC markets (Romania, Poland, Czech Republic, Hungary) and in financial instruments with a high degree of liquidity.

Fund objective

The Fund objective is searching an active valorisation of the collected resources, for a period of management greater than the minimum recommended investment period.

Advantages for investors

Diversifying the investments:

The Fund assets are invested on the monetary (bonds and shares) markets, both the Romanian one and those from EEC, by delegating the investment management activity to IKS-KB. Permits access to government or corporate bonds.

Yields:

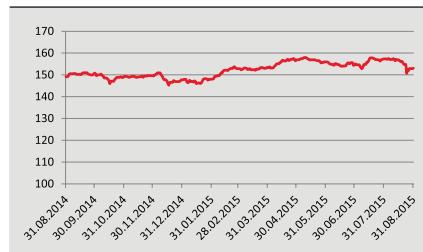

Mainly owed to the investments in shares traded on the local and European markets, but linked to a medium risk. The balance is maintained through the investments in monetary instruments and bonds.
